

[Waterford Upstart Link](#)

This year has been challenging for everybody—especially for your kindergarten students.

Consistency and familiarity matter. That's why we've **extended** access to Waterford Upstart for children who used it this summer. We've let their families know they can **keep using** our program until **May 28, 2021**. We also wanted to make sure you were aware.

Your students can keep learning at home with Waterford Upstart for the rest of this school year!

You've seen firsthand the impact Waterford Upstart has on young students; next year's incoming class can be just as prepared.

Registration for 2021's kindergarteners is open until **November 20**. You can help us spread the word by [sharing this link](#) with families.

Thanks,

Waterford Upstart
