Positive Behavior Plan-Penny Crawford

- The school used data from the Panorama survey that showed less favorable numbers of students that are happy at school to set goals
- Each teacher performs a wellness survey in class each week
- Teachers speak with students who are unhappy to build relationships
- New data shows a marked increase in student happiness
- School is purchasing a license to an online mindfulness resource

Review Budget: Justin Willie

- We are on budget in every area
- The school has ordered new digital displays to replace Smartboards
- There will be a less than 10% carry over

Presentation of 2024 plan: Justin Willie

- The proposed plan is very similar to last year's
- It matches state goals in reading
- Math goal is based on school data as well as state testing data

- The science action steps have been broadened to include science materials other than Project Lead the Way materials.
- There were no questions or concerns
