Goal Setting Tips for Children

***Let them choose their goal**

Ask them questions like: "What would you do if you knew you would not fail?" or "What is something you wish you were better at?"

***Talk about the purpose of their goal**

Ask how they think the goal they have chosen could help others or benefit themselves.

***Use a Goal Ladder** to help break the goal into smaller steps

In each section of a ladder (drawn on paper) write a small portion of the goal with the Main goal written at the top. Help your child work their way through the "steps" to reach their goal.

***Plan for obstacles to their goal**

Help your child think of obstacles that may prevent their progress. Discuss ways to overcome these obstacles. These obstacles could include: negative thinking, wanting to give up, etc.
