Chatting with Principal Willie

Thank you to everyone who participated in our Halloween activities. The student costumes were excellent. We appreciate the effort that went into each of those costumes and the attention that was given to our costume requirements. We also appreciate how many parents attended our Halloween parade. It was very exciting to see so much parent support. Parent support is a vital part of the success of any elementary school.

I mentioned last week that we have a couple of opportunities at Green Acres.

We have an aide position available in our Special Education department.

We also have a Nutrition Service Worker position available. Both jobs can be found on the district website and can be applied for on that site as well.

We also could use more people willing to be substitute teachers.

Weber School District is a wonderful employer. Not to mention you have almost the same schedule as your children.

Thank you for your consideration.
