

Parents Of At Home Learners,

My name is Felicia Bedwell and I am a 6th grade teacher at Green Acres Elementary. This school year I will also be working as the “At Home Tech Advocate” for our school. This means that students who are participating in the *Long-term Flexible Learning* option that need *technical support* with **CANVAS** will contact me for help.

Because I will be teaching during school hours, I will not be able to answer questions between 8:20 – 2:45 pm. However, I will be available from 7:45 – 8:15 am every morning, and again from 2:45 – 4:00 pm every afternoon to answer emails or phone calls. You can contact me through email at fbedwell@wsd.net or you can call the school at (801) 452-4420 and leave a message and I will call you back.

In the meantime, the tech department of Weber School District has put together a great website with videos to address the most common tech issues parents have. That website is <http://training.wsd.net/index.php/canvas/parent-guide-for-canvas>

Please note that I cannot help you with questions about curriculum or content. Those questions should be directed to your child’s teacher. Also, any WiFi issues would need to be addressed through your internet service provider.

I look forward to being available to help you as needed throughout the school year so you and your student can have a positive learning experience at home.

Thank you,

Felicia Bedwell M.Ed.
